Ideation Phase Empathize & Discover

Date	15 March 2023
Team ID	NM2023TMID18679
Project Name	The Future Of University Decision Making With Machine Learning.
Maximum marks	5 marks

EMPATHY MAP CANVAS:

In the ideation face we have empathized as our client and we have acquired the details which are represented in the empathy map given below.

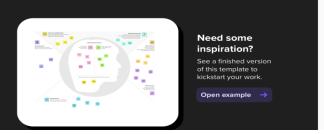

Empathy map canvas

Use this framework to empathize with a customer, user, or any person who is affected by a team's work. Document and discuss your observations and note your assumptions to gain more empathy for the people you serve.

Develop shared understanding and empathy

Summarize the data you have gathered related to the people that are impacted by your work. It will help you generate ideas, prioritize features, or discuss decisions.

WHO are we empathizing with?

Who is the person we want to understand? What is the situation they are in? What is their role in the situation?

1. The developer is the person we want to understand what they think about the project devlopment.

2. Our main role in this project give more support to the user need

3. They are in confused situation because they dont have idea how the will be a second to the company to the co will came out

GOAL

What do they THINK and FEEL?

What other thoughts and feelings might

influence their behavior?

(<u>1</u>)

(Ť.)

1.They need to do usiing exsisting technologies in this project

What do they need to DO? What do they need to do differently?
What job(s) do they want or need to get done?

2.Give time and space need to do for them.

3.They needs to do a project that works well in less time and at lesss cost.

4 .First we check the project .if satisfied our needs and demands . this project
are successfullly
worked.

What do they HEAR?

What are they hearing others say?
What are they hearing from friends?
What are they hearing from colleagues?
What are they hearing second-hand?

1.we hearing too much of the suggestions from others on it vendors work

3.collegues ask to me why we can't create ourselves in this project

2. They said we know it vendors for your project why you searching others

4 .Second hand said no worries about that , they could develop

 \odot

What do they do today? What behavior have we observed? What can we imagine them doing?

1.We did today colecti details for project cost

2.Now they will be fully aware of the project so that one fourth of the work will be done.

3.Their behaviour as well and good, they have good approaches in every client.

What do they SEE?

What do they see in the marketplace? What do they see in their immediate

2.Others said this project has contains

1. We have read about how the project came out, so serach some details and noticed them.

What do they SAY?

What have we heard them say? What can we magine them saying?

1.They said deliver the project in this best possible way to cover all technolgies.

2.We have more confidence <u>their</u> experince
